Technologies used

- **HTML** (Hyper Text Markup Language)

  (The Hyper Text Markup Language or HTML is the standard markup language for documents designed to be displayed in a web browser)

- **CSS** (Cascading Style Sheets)

  (Cascading Style Sheets is a style sheet language used for describing the presentation of a document written in a markup language such as HTML or XML. CSS is a cornerstone technology of the World Wide Web, alongside HTML and JavaScript.)
